Objective

Final-year engineering student with a strong passion for technology and problem-solving. Currently learning and working with the MERN stack and Data Structures & Algorithms (DSA). A quick learner, eager to apply my skills to solve real-world problems and grow through hands-on experience and learning from experts in the field.

Skills

Programming Languages: Java, C (OOP, DSA)

Full Stack Development: MERN StackDatabase Management: MongoDB, SQL

• Version Control: Git, GitHub

Academic Project

Learnio - Deploy-Link GitHub-Link

- Developed **Learnio**, a web app enabling users to share and download study materials with ease.
- Implemented user authentication for secure account management and personalized access.
- Integrated features like PDF upload, search functionality, and user profile management.
- Built a responsive, user-friendly interface using ReactJS and CSS for seamless navigation.
- Designed the backend with Node.js and Express.js for authentication and database operations.
- Used MongoDB for scalable and efficient data storage to handle growing user data.
- Added FAQ and About pages to provide essential platform information and enhance usability.
- Tech stack : MERN stack

EventSpotLite - <u>Deploy-Link</u> <u>GitHub-Link</u>

- Developed **EventSpot Lite**, a responsive single-page web app for discovering local events.
- Created a responsive design to ensure seamless viewing across desktop, tablet, and mobile devices.
- Built an event details modal with smooth transitions and detailed event descriptions.
- Integrated hover effects and modal animations to enhance user interaction and experience.
- Tech stack : React, JavaScript, CSS

Education

Bachelor of Technology (B.E) in Computer Science & Engineering, Chitkara University, Punjab

Expected Graduation: 2025

CGPA: 8.4

Senior Secondary School, Doon International School, Uttarakhand

Graduated: 2021 Percentage: 89

Secondary School, Scholars Home School, Uttarakhand

Graduated: 2019 Percentage: 97

Achievements

- Cleared eLitmus exam, demonstrating strong problem-solving and analytical skills.
- Solved 100+ coding problems on LeetCode, showcasing proficiency in data structures and algorithms.
